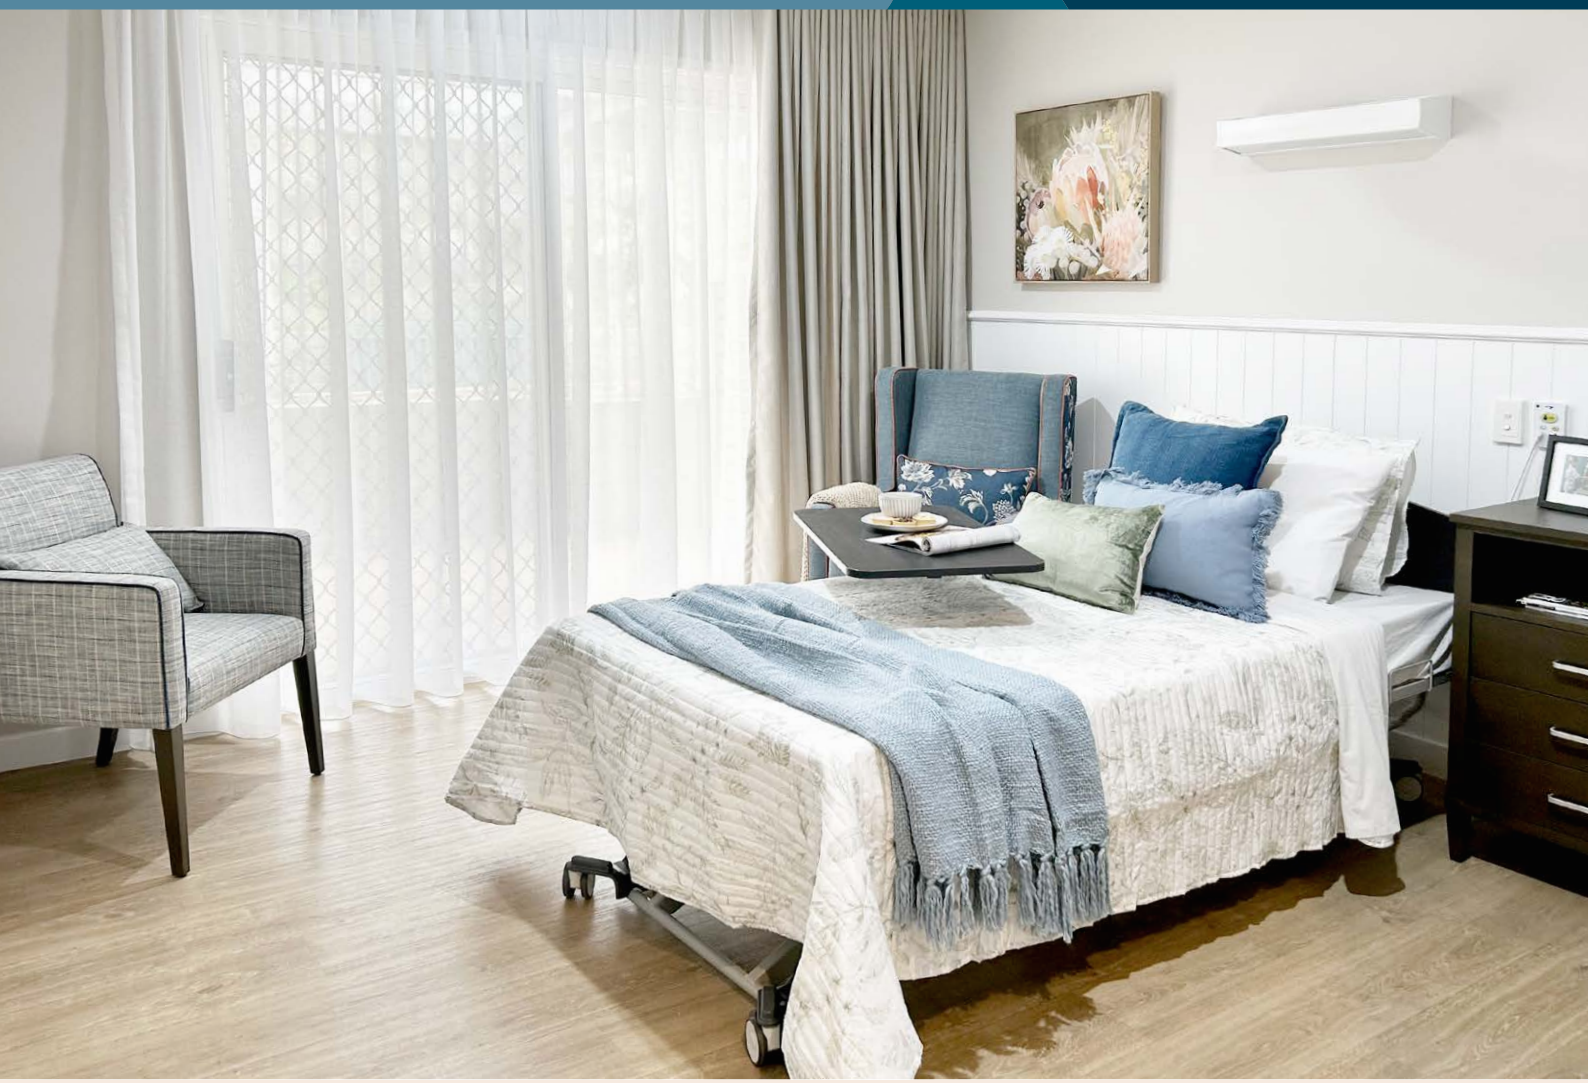
Brand new private suites at Haddington

Tenterfield Care
AGED CARE COMMUNITIES



Tenterfield Care is proudly part of Apollo Care, an innovative national alliance of not-for-profit aged care communities.

A country-style community designed to feel like home

Our two new Households have 28 private suites, each with their own ensuite. The interior design scheme is inspired by country homes, with heritage colours, fireplaces, wall panelling, warm pendant lighting and other beautiful homely touches.

Connecting both Households is a country kitchen with indoor and alfresco dining spaces, and there are comfortable shared lounge rooms, and a landscaped courtyard.

Apollo Care gratefully acknowledges The Department of Health & Aged Care's capital grant contribution to this project.
